

PSYCHOSIS

PSYCHODYNAMIC UNDERSTANDING AND THERAPY

DR BRIAN MARTINDALE

Friday 22nd October 2021

6-9 pm BST (UK), 7-10pm CET (Central Europe), 1-4pm EST (USA)

In this exceptional online seminar, Dr Martindale will give participants the benefit of his knowledge and work over many decades in the field.

Dr Martindale will present some of his work with people suffering from psychosis and explore the psychoanalytic understanding which underpins it.

- Understanding psychotic experiences
- An example of applying psychodynamic understanding in therapeutic work with a family with a seriously psychotic member

The seminar will be of wide interest to psychotherapists and all mental health practitioners what ever their experience and to members of the public interested in aspects of the human condition.
